

# Powering the Nuclear Future: Law, Investment and the Next Generation

---

**INLA Congress 2026**

18-22 October 2026

# International Nuclear Law Association Congress 2026

## First announcement

---

### **Powering the Nuclear Future: Law, Investment and the Next Generation**

**18 – 22 October 2026**

**International Conference Centre Wales, Newport, Wales**

The next International Nuclear Law Association (INLA) Congress will take place in Newport, Wales from Sunday 18 to Thursday 22 October 2026 at the International Conference Centre (ICC) Wales. The event will be held under the theme: *'Powering the Nuclear Future: Law, Investment and the Next Generation'*.

This will be the 26th Congress in a series of INLA conferences that have become the leading international event that bring together representatives of government, regulatory authorities, nuclear specialists, legal professionals, academics and others involved in nuclear law. The purpose of the Congress is to promote the study of legal issues associated with the peaceful uses of nuclear energy and to encourage the exchange of information in this field. The Congress will be a great opportunity

to exchange knowledge and ideas on the performance of those functions at all stages of the nuclear facility life cycle. During the event, we will explore new solutions to contemporary challenges and share experiences. It will also be an excellent opportunity to discuss legal and regulatory aspects as regards to new technologies, planned investments, suppliers, local content, while highlighting the scope of INLA Working Groups' interests.

# INLA

The International Nuclear Law Association (Association Internationale du Droit Nucléaire) was founded in Brussels in late 1970 by a group of nuclear lawyers, with finalisation of its Statutes and incorporation taking place in 1972. Its purpose is to promote the study of legal issues associated with the peaceful uses of nuclear energy and to encourage the exchange of information in this field. Every two years, it organises a Congress called "Nuclear Inter Jura" in which nuclear lawyers and specialists world-wide participate.

## Key Dates

# Venue of the Congress and Accommodation

The venue of the Congress is:

**The International Conference Centre Wales (ICC Wales)**

The Coldra, Catsash Rd, Caerleon, Newport NP18 1HQ.

Situated at the gateway to South Wales, the ICC Wales is ideally located and easy to access. Its brand new state-of-the-art meeting and event facilities complement the luxury accommodation offered up at the Celtic Manor Resort next door. The ICC Wales neighbours the Celtic Manor resort where we recommend visitors to the Congress stay.

Please go to [\*\*our website\*\*](#) to check special rates for the accommodation at the Celtic Manor and other nearby hotels.

Other recommendations can be found on the [\*\*ICC Wales website here\*\*](#).

Further details on travel to the ICC Wales can be found on our website and on the [\*\*ICC Wales website\*\*](#).

**Abstracts should be submitted to:**  
**[INLACongress@burges-salmon.com](mailto:INLACongress@burges-salmon.com)**

# **Tentative Programme and Call for Abstracts**

The Nuclear Inter Jura Congress 2026 is focused on “Powering the Nuclear Future: Law, Investment and the Next Generation”. Please submit abstracts which fit within the session descriptions below.

**Abstracts should be submitted to: [INLACongress@burges-salmon.com](mailto:INLACongress@burges-salmon.com).**

In addition to the plenary sessions which will be held in the main auditorium, on days 3 and 4 of the Congress, parallel sessions will be held by the INLA Working Groups as well as a series of workshops which will focus on refreshing key nuclear law principles or as “back to basics” sessions for those who would value such training.
